

N SCALE RAILROADING NEW PRODUCTS

Above. Amtrak Phase IV 70003 is Rapido 537007A. **Below.** Amtrak Green 70002 is Rapido 537006A.

Above. Southern Pacific "as delivered" 656400 is Rapido 537002A. **Below.** Golden West Ventura 140013 is Rapido 537004A.

Above. The New Look busses are out! Santa Monica 2525 is Rapido 573008. **Below.** White/Silver Undec is Rapido 573098. **Notice** the wires to light the head and tail lights. To be certain to not exceed the 12V DC maximum, Rapido recommends using a 9 volt battery. A great idea!

Above. Below. Left. Right. Rapido's N New Look busses (aka "Fish Bowls") are out! General Motors built more than 44,000 of the prototypes from 1959 to 1986, and I suspect many are still out rolling around our streets of the US and Canada. The model is very nice and I suspect will outlast the prototype. See your dealer!
